* A paid rehearsal day includes building open/close and up to 2 hours of technical staff availability for questions and general orientation to space usage. Use of technical systems without payment for Sheldon technical support requires qualified individuals approved by Sheldon Director of Production.

**Technical support includes any prep for an event prior to rental, such as hang and focus, set up of stage for specific needs of the rental client, load in/load out assistance, running sound or lighting equipment, etc.

***Ticketed events are required to use Sheldon box office services. This includes web listing, online sales capability, and access post-event to patron information.
